

Ruffing Parent Skills and Interests Survey  
2008-2009 School Year

Each year we ask Ruffing parents to tell us a little about themselves, their areas of interest, expertise, hobbies and professional skills. We use this information to help match parents skills with the unique volunteer and community- building opportunities that may arise throughout the year. This survey is looked at most often by the PA Executive Board, and it may also be used by the Board of Trustees and by the administration as specific community needs arise. It is our firm belief that sharing through an interest is indeed the most rewarding way to participate in the school community. Please take a few moments to fill out the form below.

***Sharing this information does not obligate you to do anything. It simply means you may be contacted if a need that fits your background arises.***

Because there may be more than one parent's information recorded on the form, please distinguish each parent by marking with 1 or 2.
